Specifications

Simple yet timeless design allows the West Elm Work Slope family of seating to blend seamlessly into the modern office. A wide range of paint colors and upholstery options ranging from muted to playful add personality.

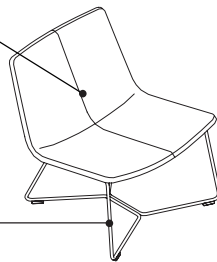

Seat and back are always fully upholstered.

Stackable base configuration allows for easier storage and cleaning. Stacking chairs can be stacked up to five high.

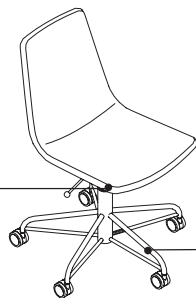

The double-needle stitch down the center of the slope seat and back is an iconic detail of the slope chair. As an option, slope upholstery can be specified with this seam.

Wire frame base is painted and available in a range of standard, accent and Lux Coatings.

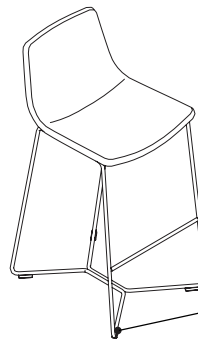

Ships knocked down and the seat must be assembled to the frame on site, with the exception of the stacker with arms and the guest chair with arms which ship fully assembled. All slope styles come in a single carton.

360° adjustable height swivel mechanism is standard on five-star base models.

Seat height adjusts 4", from 17½"H to 20½"H, with a pneumatic adjustment mechanism. To lower, pull lever up while seated. To raise, pull lever up and keep your weight off the chair.

Five-star base is available in hot rolled steel finish only.

Arms are available as an option for guest, stacking, and conference chair.

Glides are polyethylene for superior durability on carpeted and hard floors. Glides are available in milk or black.

	Overall Depth	Width	Height	Functional Seat Depth	Seat Width	Seat Height from Floor	Back Width	Back Height from Seat
Guest Chair	21½"	19¼"	33¼"	17¾"	17¾"	18¾"	16¾"	18¾"
Stacking Chair	21½"	19¼"	33¼"	17¾"	17¾"	18¾"	16¾"	18¾"
Lounge Chair	26½"	26½"	28"	21¾"	26½"	15¾"	25¾"	19¼"
Bar Stool	21½"	19¼"	40"	17¾"	17¾"	29½"	14¼"	13"
Conference Chair	21½"	19¼"	32 – 36"	17¾"	17¾"	17½ – 20½"	16¾"	18¾"
